People Development Training Center (PDTTC)
Investing in People

BALA VIKASA

Helping Communities Help Themselves

Bala Vikasa, a secular, non-profit, professional community development organization working with the motto 'Helping Communities Help Themselves' was established in 1991 in India, with SOPAR, a 42 year old NGO as its parent organization headquartered in Canada. Bala Vikasa's Sustainable Community Development models are widely recognized, appreciated and awarded inspiring State and National Governments to launch similar initiatives at scale.

P D T C

People Development Training Center

PDTC, established in 2002 with the motto 'Investing in people' provides a platform for development professionals across the globe to learn and exchange development best practices. PDTC not only talks on Bala Vikasa's 42 years of community development sustainable practices but also show how by application created community driven sustainable development models in different sectors like Women, Water, Education, Food Security and Model Communities. Community Driven Development CDD training program at PDTC is taking a momentum and reaching development professionals across many countries. Over 13500 development professionals were trained from 80 countries.

Teaching what we do... Showing what we teach

Explore on good governing practices: How the communities discover their potential and build themselves

To explore the process of how the ownership is transferred and the solidarity cutting across social group's illicit commitment resulting in sustainability of the project

The participants will learn how the women are transformed from receivers to donors and acting as change agents.

To Study on how by mobilizing the locally available resources, farmers prepare their own manure for their crop

Study on how women share solidarity within their communities and being poor take care of the poorest / disadvantaged groups

To learn how the NLP techniques program the mind of discriminated widows to forget their past and focus on the future possibilities and restored sense of dignity and purpose

PARTICIPANTS VOICE

CDD Training program brought Change of attitude at personal level and build my confidence at community level

A place to discover new perspectives in development

Learned sustainable ways of rendering services to humanity through Community Driven Development program

Always followed economic development approach, but I realized I am going in wrong direction. I recognized the paradigm shift that is 'asset based development' upon attending this program
